

WETMORE ROAD SURGERY FRIENDS & FAMILY SURVEY COMMENTS August 2016

Rating	Response
1	I was pleased with the care shown by the doctor.
4	Disappointed with the GP today, felt dismissed and not believed regarding my symptoms. This is unusual for the surgery but I will not be returning to this particular doctor as I found her unhelpful
1	Always had a good service and nothing to complain about
6	I don't know anybody in the area that would need me to recommend a doctor's surgery for them, maybe if someone asked me then I'd tell them.

1	Efficient, caring and informative are the words I would use to describe my review.
1	Friendly staff & excellent Doctors, my only criticism would be the length of time it takes to see your preferred Doctor when making an appointment

1	Because I had a great first experience with the surgery as I have recently moved there and the receptionists and Dr Hallam were lovely couldn't ask for more

1	Always helpful, friendly good service. Great on call back services
1	Good service, finally looking into my symptoms that have been ongoing since 2005, hopefully will get a diagnosis soon
1	The rating was not for the practice as because you have wait over a fortnight for an appointment i would grade the practice at the other end of the scale. The grade i sent was for the nurse who was the best person i have ever seen at the practice.
